Landing page (Ad Group B)	<i>/air-conditioning-services</i> — LandingPage.jsx + landingPages.js (AC-specific; chosen for its concrete offers).
Competitors to exclude	None provided in brief — add local competitor brands before launch (see negatives note).

Main page — Homepage (/)

a) Exact product/service names	Plumbing (leak defense, repairs, repipes); HVAC (furnaces, boilers, heat pumps); AC (install, tune-ups, repair). Menu also lists: water heaters (tank & tankless), drain & sewer/main-line/sump pumps, leak detection, faucet/toilet, water filters, garbage disposal, 24/7 emergency plumbing. Tagline: "Three Disciplines. One Standard."
b) Problem it claims to solve	Home comfort & water-damage prevention across three trades; fast emergency response so heating/cooling/plumbing don't fail.
c) Buyer stage targeted	Bottom-funnel: ready to schedule / call / get a free quote ("Schedule Inspection", "Get Free Quote", tap-to-call).
d) Pricing / guarantees / locations / qualifiers	Free on-site estimates; upfront/fixed pricing; licensed, insured, certified, background-checked techs; since 1989 / 35+ yrs; family-owned local (not a national chain); 24/7 & same-day; written warranty; serves the 10+ Northern Utah cities above.
e) What it explicitly does NOT offer	No listed prices on the homepage; no DIY/product retail; no electrical, solar, roofing, appliance-repair, or new-construction; residential focus (no commercial HVAC claim); no named equipment brands.

Landing page — Air Conditioning (/air-conditioning-services)

a) Exact product/service names	Air Conditioning Services: AC Repair; AC Installation/Replacement; AC Tune-Up (21-point safety inspection / seasonal maintenance); Ductless Mini-Splits; Emergency Cooling; high-efficiency AC & heat-pump systems.
b) Problem it claims to solve	AC blowing warm air / won't start; mid-summer breakdowns; high energy bills; cooling rooms without ductwork; Utah summer heat.
c) Buyer stage targeted	Bottom-funnel: repair now / replace / book a tune-up (same-day & emergency).
d) Pricing / guarantees / locations / qualifiers	Concrete offers: \$89 AC tune-up + 21-point inspection, 10% off any AC repair, \$100 off a new AC install . Same-day & 24/7 emergency cooling; certified techs; licensed & insured; load-calculated/right-sized; high-efficiency; upfront pricing; written warranty; same Northern Utah cities; Layton base.

e) What it explicitly does NOT offer

No retail/window/portable AC units sold; no automotive AC; no DIY refrigerant; no swamp/evaporative coolers mentioned; residential (no commercial AC claim); no named brands.

Every keyword below traces to an item in (a)–(d). Ad Group B carries the AC offer terms; Ad Group A carries the non-AC trades so the two groups never overlap.

2 · Ad Group A — Main Page (Homepage) · 20 keywords

4 · Ad Group A — Negatives · 20

Negative keyword	Match type	Waste it prevents	Ad Group
cheap	Broad negative	Bargain hunters — PHS sells value/upfront pricing, not lowest price.	A
free furnace	Phrase negative	Giveaway seekers. Phrase (not bare 'free') so it can't block "free plumbing estimate near me".	A
jobs	Broad negative	Employment seekers.	A
careers	Broad negative	Employment seekers.	A
salary	Broad negative	Wage researchers.	A
hiring	Broad negative	Recruitment traffic.	A
apprenticeship	Broad negative	Trade students.	A
diy	Broad negative	Do-it-yourselfers who won't pay a pro.	A
how to fix	Phrase negative	Self-repair how-to research (phrase avoids stop-word noise).	A
tutorial	Broad negative	Learners, not buyers.	A

Negative keyword	Match type	Waste it prevents	Ad Group
training	Broad negative	Trade-school seekers.	A
certification	Broad negative	Licensing/cert seekers (note: blocks 'certification', not 'licensed').	A

reddit	Broad negative	Forum/opinion research.	A
parts	Broad negative	DIY parts buyers.	A
electrician	Broad negative	Wrong vertical — no electrical work offered.	A
septic	Broad negative	Wrong service — page does sewer/main-line, not septic ('septic' ≠ 'sewer').	A
provo	Broad negative	Outside the Northern Utah service area.	A
reviews	Broad negative	Reputation research, not purchase.	A

5 · Ad Group B — Negatives · 15

Negative keyword	Match type	Waste it prevents	Ad Group
window air conditioner	Phrase negative	Retail window-unit shoppers. Phrase so it can't block "air conditioning repair near me".	B
portable ac	Phrase negative	Portable-unit retail buyers (we install fixed systems).	B
car ac repair	Phrase negative	Automotive AC — wrong vertical.	B
ac unit for sale	Phrase negative	Equipment-only / self-install shoppers, not service buyers.	B
how to	Phrase negative	DIY how-to research.	B
diy	Broad negative	Do-it-yourselfers.	B
jobs	Broad negative	HVAC job seekers.	B
salary	Broad negative	Wage research.	B
certification	Broad negative	HVAC certification students.	B
reddit	Broad negative	Forum/opinion research.	B
what is	Phrase negative	Definitional research.	B
refrigerant	Broad negative	DIY gas-refill seekers.	B
swamp cooler	Phrase negative	Evaporative coolers — page covers refrigerant AC only. REMOVE if you service swamp coolers.	B
free ac	Phrase negative	Freebie / government-program seekers. Phrase so it can't block paid AC terms.	B
provo	Broad negative	Outside the Northern Utah service area.	B

Price-intent note: PHS competes partly on price (free estimates + \$89 tune-up / 10% off / \$100 off). We deliberately do NOT negative 'free', 'discount', 'special', 'deal', 'coupon' or 'offer' broadly, and 'free'/'cheap' freebie blocks use phrase match so they can't clip the valid free-estimate / promo keywords.

Competitor note: No competitor brands were supplied. Add local Northern-Utah HVAC/plumbing competitor names as broad negatives here before launch (and consider a separate conquering campaign). None are invented in this plan.

6 · Safety Check — Keyword × Negative Collisions

Result: No collisions found. Each of the 35 keywords was checked against its ad group's negatives (negatives are literal — no close-variant matching). The four deliberate safeguards:

- “free plumbing estimate near me” (A) survives because the only freebie block is the **phrase** “free furnace”, never bare ‘free’ and never ‘estimate’.
- “licensed plumber clearfield utah” (A) survives ‘certification’/‘training’ negatives — those tokens don’t appear, and ‘certification’ ≠ ‘licensed’.
- “sewer line repair near me” (A) survives the ‘septic’ negative — ‘sewer’ and ‘septic’ are different tokens.
- “air conditioning repair near me” & “air conditioner replacement cost” (B) survive the ‘window air conditioner’ / ‘ac unit for sale’ / ‘car ac repair’ phrase negatives — none of those contiguous phrases occur in the keywords.

Also verified: no keyword appears in both ad groups (A holds zero AC terms; B holds only AC terms), and no keyword is a contiguous phrase-match superset of another (e.g. ‘ac tune up’ and ‘ac repair’ were kept out as standalone terms).

7 · Three Keywords Tempted-but-Rejected

“ac repair”	Two-word head term. Fails the 3-word minimum and mixes DIY / research / retail intent — a budget leak that the tighter [ac repair layton utah] / “air conditioning repair near me” capture cleanly.
“swamp cooler repair near me”	Highly relevant in Utah and tempting — but no page mentions swamp/evaporative coolers. Recommending it would invent a service; it’s added as a <i>negative</i> instead (removable if PHS actually services them).
“commercial hvac installation utah”	Attractive higher-value B2B, but the homepage and AC landing page are residential (‘your home’); only the plumbing page mentions commercial. Fails Step-1 traceability for these two pages.
